## NOVEMBER CHAIRMAN'S CHAT

Well this has been quite a strange month, after the problems of the Isle of Mull we managed to get a few hours off before re-joining the rush of work. I have been working away again during the weeks three weeks between then and starting my Chairman's Chat.

The biggest bit of news is that our good friend Adrian Sayers has found the love of his life, and to prove he has taken the plunge and gone and got married. I was so proud that he asked me to be the Best Man, and that was quite a shock because I was laying under the rally car at the time.

*"When Reliability Matters"*

Norfolk Classic and Sportscars was born from a lifelong passion for motorsports and classic cars, and was established with the aim of providing a reliable and complete service for classic and sports cars, including on event servicing for motorsport events, as well as general servicing, repairs and rally preparation work.

The founder of the company, Robert Kitchen, has been providing on event support for the Endurance/Classic Rally Association since 2000, and has worked on most of their long distance endurance events over the last 11 years. Therefore Norfolk Classic and Sportscars is ideally placed to prepare vehicles for this type of event, as Robert has travelled many of the routes and experienced first-hand the kind of problems encountered by classic vehicles on these types of event.

The company also carries out restoration work, with workmanship undertaken to a meticulous standard. You can see examples of previous commissions in the Projects section. We are always happy to discuss your individual requirements, please do not hesitate to get in touch.

This is a small selection of the events that Robert has provided mechanical support on:

There was time on the day to reflect on the years that have flown by. It would seem that we have known Adrian for possibly 37 years man and boy. Over the years he has not really changed at all. Over the years we have got a little grey, with a few wrinkles and put weight on (but Adrian has not put on a pound or changed shape).

There are stories that could be told, some are best kept to ourselves but there are a

few which should be shared.

Memories of the club trips to the Isle of Man rallies; where Peter Morris organised trips to watch the International Rally.

Where Adrian could be found helping Lynne Wellbelove on to the top of a wall surrounding a field because you cannot stand there because rally cars will be coming past here soon, or explaining to Lynne about the Captain Pugwash crew of Seaman Stains and Master Bates. Ask Adrian there is a tale to tell.

November 1<sup>st</sup> and the SCCoN Marshal Team were out again, this time at the RAF Sculthorpe site near Fakenham for the 2015 LYNN CHARITY STAGES.

We had quite an area to look after, it would have been where the RAF buildings were but now there were only foundations and tiled flooring left. The start time came and slipped a bit under the blanket of fog. We started around 40 minutes later than planned but this was a good move as there was only one stage completed with the covering of fog. It was not long before we heard of the first retirement and then the second was caused by a coming together of two of the cars at junction 16 one of those being marshalled by us. Two BMW's fighting over same spot on the road for a number of corners before doing a good job of it by us.

This resulted in one of the cars going home with damage, and the other being excluded for his behaviour. Watching the cars through our area most of the entry were driving with lots of commitment, resulting in Ray Brammer taking the win.

With the slick turnaround of each pair of stages we managed to pull back the time lost to the fog and we found ourselves leaving the site at about 4,00pm.

As I write this Christine is in the kitchen cooking cakes for the weekend event, this time at Debden for the final round of the AMSC Autosolo series.

Then over the next two weekends we are at Cadder's Hill, Lyng for our Trial (please come and marshal) details are somewhere in this edition and then finally we will be either at Wethersfield or Snetterton.

## **Snetterton Charity Day**

Where we will be helping to strap the public into the track cars for the fifth year, this year the cars will be using the full 300 circuit

SCCoN is not the only 'local' club running 12 Cars. King's Lynn & District Motor Club (KLDMC) and Chelmsford Motor Club (CMC) also run 12 Car Championships. KLDMC usually run on the first Wednesday of the month and the Championship runs from January thru December. CMC usually clash with SCCoN running on the last Friday of the month (but not always) and their Championship runs from September thru March.

The roving wrinkly 'marshalling' team took the Golf for a spin round the lanes on map 143 to sample the KLDMC October offering organised by Paul Haylock and Mark Banham based at the Village Hall in Runcton Holme. The following review is based on the hazy recollections of a bus pass toting senior citizen who regularly struggles to remember why he stood up! Out of the village hall and some map features took us across the A10 onto the A134 before struggling to find the tricky slot right into Westbridge Wood. Old eyes and traffic and that was the last we saw of John & David on their way to a perfect score as we had a comfort break trying to decipher where the road passed under the letters in Tottenhill. Back onto the A134 and some more navigation - combination of a missed avoid and a wrong slot in Watlington saw us pass a board on the other side of the road, doesn't matter how good or quick you are just need to make sure that the 4 leaved clover, rabbit's foot and horseshoe are in the bag. Run through Watlington and Runcton Holme to a circular herringbone and another comfort break to the north of Wimbotsham. Through Stow Bardolph and a delay joining the A1122 at Crimplesham (SWOT) saw us joined by Paul & Matthew, slapped wrist for me as we missed the usual slot left in Bexwell (just can't get the staff!), leisurely run down the map past Stonehills Fm, Home Fm and the loop past Barsale Fm before crossing the B1160 and joining the A134 for a run back up to Crimplesham. Quick run along the A1122 through Fincham before slotting right into Barton Bendish: then the corrugated yellow and bridge into Beachamwell. Back onto the A1122 before slotting left round the back of RAF Marham and my second slapped wrist of the night. Managed to make the complicated laybys to the north of the airfield even more complicated than they were and an extra loop and another board on the 'wrong' side of the road threatened a bonus WD for the scores on the doors. Confusion turned to frustration as we followed the slowest Range Rover in Norfolk through Marham almost back to Fincham. Usual yellow to Shouldham Thorpe; back across the A134 and a run up the A10 to find Mark lurking in a lay by. Then it was back to the village hall for a rather hearty supper.
