The Classic View 2018

I must start my little article about this year's classic run with the thank you to all my friends and family who came along on June 24th to make this year's run another success. The bumper entry of 130 cars and after losing a few before the start we set off 122 cars from our start venue of Snetterton. We were welcomed to Snetterton by Jamie Hopper (venue manager) who had his team look after us in the scrutineering bay. Here we were able to provide the entries and the classic marshal team with tea, coffee and bacon rolls while they were signing on ready for the day.

Everyone commented on the magnificent sight of the 120+ cars assembled in the bright sunshine. Before the start there were a few cars developing running or starting problems, but everyone did get on the road before our self-enforced deadline of 11.00 ish. The cars left the circuit via the bridge where Howard and Bernie ambushed them to stamp the road book as they reset their speedo ready to navigate the 85 miles of roads ahead. We had four stops planned on route this year.

Our first stop was just 15-16 miles into the run. It was the first time visit for any car club to Thelnetham Windmill. Recently restored to its full black and white glory. Chris was our contact here, his team were a great help showing some 200+ visitors around their working mill. With the sails turning it made a magnificent sight. The adjoining field had its grass cut just for our classics to park on the day.

We moved on from the windmill to Elveden Courtyard where it would seem most of the Classics stopped to have a tea, coffee and some food. It was all quite busy as there was a Super Hero's children's event on at the same time, but all the staff coped very well (as Christine checked out the coffee shop for her cup of tea)

After the cars left Elveden there was a long drive to Gooderstone Water Gardens passing Qxborough Hall on the way. As with all the other stops we made sure all the Classics had the use of the comfort facilities. I think quite a number of the entrants stopped here too.

We then continued on the route heading for the finish at Pensthorpe Natural Park just outside Fakenham where most of our friendly team waited for the classic cars to arrive.

We have had several comments from the entrants who all said what a brilliant day it was and look forward to next year's event on the 23rd June 2019.

As at the start of the article there are lots of people to say thank you to:

To all the lovely cars and entries who have joined us again this year

To start with all the venue managers without we would have nowhere to go

To Rob Kitchen from Norfolk Classic and Sports Cars for his continued support this year

To all the marshals from our car club and friends from the other local car clubs

To Phil Webb and Peter for coming up with another excellent route

Finally to Christine for helping with everything we/ I do with this and the other motorsport events I seem to get involved with.

I think it was a great day, with great people and great weather

THANK YOU

Thanks to Peter for the photos

"When Reliability Matters"

Norfolk Classic and Sports Cars was born from a lifelong passion for motor sports and classic cars and was established with the aim of providing a reliable and complete service for classic and sports cars including on-event servicing for motorsport events as well as general servicing repairs and rally preparation work.

The founder of the company Robert Kitchen has been providing on-event support for the Endurance Classic Rally Association since 2000 and has worked on most of their long distance endurance events over the last 11 years. Therefore Robert has travelled many of the routes and first-hand experience of the problems encountered by classic vehicles on this type of event.

The company also carries out restoration work with workmanship undertaken to a meticulous standard. You can see some of our clients' cars in the Galleries section of our website at www.norfolkclassiccars.co.uk. Marshals must register on the CMC website

The club currently has a vacancy for the position of Chief Marshal.

If you would like to apply for the post of Chief Marshal, please contact a member of the management team.

Until that position is filled please contact Martin Newson if you can help on any of the following events.

(message from Martin)

As you can see below there are a number of events on which I will be directly involved with between now and the rally in the New Year.

I know it takes a lot of effort to commit to helping on any event, but it does help me when I know I have some help behind my efforts to promote our great car club.

Apart from the Wethersfield Stages our club is named as the promoting car club which has seemed to work for WSMC.

Some of you have emailed to say that you can help, more often or not on the day (which is great). I could do with some to help as officials too.

You know my email address please drop me a line or two with your thoughts and opinions

August Run

POSTPONED

Organised by Nick Skuse & Tony Burchnall

Will run later in the year

map 156 starting from Parham Village Hall finishing at the Old Mill House, Saxtead Green

usual 12 car regularity run fayre

for this event in an attempt to encourage lesser experienced crews who may be scared off by the thought of a regularity run Nick & Tony are proposing to run a practical table top with an opportunity to drive the full route, running behind the regularity crews, as a scenic run with absolutely no timing to worry about

pre-plot the route at home, have the route checked at the start, drive the fully marshalled route, an ideal opportunity for a bit of plotting practice and a bit of driving practice followed by a bit of social chit chat in the pub at the end

The **Association of Eastern Motor Clubs** is one of thirteen Regional Associations created by the Motor Sports Association for the purpose of co-ordinating motor sport affairs in their respective areas and to act as a link between the **Motor Sports Association** and Motor Clubs.

I assume that all club members are aware that Sporting Car Club of Norfolk is a member of the AEMC. The AEMC has a very informative and useful but poorly supported website. Recently there has been a debate about how to avoid date clashes for events organised by local clubs. Theoretically the AEMC website is the place to go to check dates, unfortunately this relies on the member clubs providing the AEMC webmaster with up to date information. If it was an end of year school report the comment against the club would be 'must try harder'.
